Spa Protocol

Updated December 1st, 2020

Our manager, Sandrine Hugonot and her team have introduced new measures necessary to welcome you safely.

All our practitioners have been trained in the new sanitary rules and will be equipped with a mask.

Before coming to the spa, we thank you for returning the attached health questionnaire.

Spa access :

Access to the spa will be available with treatment reservation only and will be limited to 4 people.

The time spent at the spa (excluding treatments) cannot exceed 1 hour.

If you are staying at the hotel, please come in a bathrobe and swimsuit (a bathrobe and flip-flops are available in your room).

For external guests, please come with as few personal belongings as possible. The changing-rooms of the spa remain available only on reservation.

A towel will be provided to you by the hostess (no more self-service towels).

Wearing a mask is mandatory. If you forgot it, you can buy one on site at the price of 1€.

A hostess will take your head temperature upon arrival and ask you to take a soapy shower.

Please respect social distancing and hygiene instructions throughout the spa.

Your treatments :

The frequency of cleaning has been increased and the cabins are disinfected after each treatment.

All treatment protocols have been reviewed and adapted to hygiene needs. Some of them have been temporarily suspended due to the sanitary rules currently in application.

Wear the mask will be mandatory (except face care), and the spa therapist will wear gloves during all treatments.

Important : If you have any symptoms that might suggest a Covid-19 infection, please cancel your appointment and do not go to the hotel.
